

In the spotlight:

The new Chassis Generation 2018!

Record - more than 40 chassis brands in Offenbach!

Especially the new chassis are in the focus of the 26th IKA-KART2000 on 27th and 28th January 2018.

The new generation of chassis have been just homologated by the FIA/CIK and the manufacturers present on the IKA-KART2000 their newest products to the drivers for the race season 2018. Not only the well known manufacturers are in Offenbach, also many for the european market new brands are for the first time at the IKA-KART2000. **So many chassis brands have never been in Offenbach!**

Further you can find anything more, that belongs to karting -engines of all classes, types, spares and tools, driver equipment, anything for rental karts -from the kart to the hall equipment, electronic and time measurement and any more.

Short: Yo can find anything around Karting at the 26th IKA.KART2000 -the world wide leading Kart Expo!

Here you can find all about 26th IKA-KART2000:
