**SEASON 2017 BY CRG IN A YEARBOOK**

*The CRG OFFICIAL YEARBOOK, a publication dedicated to the 2017 activities of CRG, has been presented.*

A hardcover publication of more than 140 pages to describe the 2017 season of CRG, covering sporting, commercial and technical aspects.

A wide space is dedicated to the victory in the KZ World Championship, with a report and exclusive images of the race in Wackersdorf and an interview to Paolo De Conto. The whole International season has also been scrutinized with a report of all the classifications of the CIK-FIA, WSK and DKM championships supported

by images, commentary and interviews to the protagonists.

CRG products have also been given a good space with some in-depth analysis on the Racing range, new CIK-FIA homologations and Rental Kart range. The most successful CRG chassis have been protagonists of detailed technical tests on track, with telemetry data analysis and drivers impressions.

Very interesting is also Giancarlo Tinini's balance on 2017. He talked about the sporting season all-round, and recalled his memories on former Kart drivers of the likes of Max Verstappen, Lewis Hamilton and Nico Hulkenberg on a specific section dedicated to "CRG Champions".

This is a book not to be missed by all Kart fans. Following the great success of the House Organ published every three months online, CRG has decided to make its YEARBOOK available online, but also published a hardcopy that can be purchased online through paypal and delivered worldwide at the cover price of Euros 22,00.

You can request your copy of the book by sending an email to the commercial office ([nicole@kartcrg.com](mailto:nicole@kartcrg.com))
