## THE RACING TEAM READY FOR THE WORLD FIGHT FOR KZ AND KZ2 CATEGORIES IN BELGIUM

**On the weekend of September 7th-9th the Tony Kart Racing Team will get back on track on the Belgian circuit of Genk for the World KZ and KZ2 Championship**

It's been almost two months since the last time the **KZ and KZ2 master classes** gave battle, in particular in that **last stage of the European Championship** that highlighted the potential of the **Tony Kart Racing Team** on the **South Garda Karting of Lonato**. At the end of this long stop it is time for our drivers to get back on track: in the weekend **7-9 September**, in fact, our drivers will be engaged in the **Kart Grand Prix - Belgium**, on the **Belgian circuit of Genk** for the **CIK-FIA World KZ Championship** and the **CIK-FIA International KZ2 Supercup**.

On the 1,360 meters of the track built in the Flanders region, the **Tony Kart Racing Team** will be on the starting grid with its own complete lineup. In the **KZ master class** all eyes are on **Marco Ardigò**, ready to gain a prestigious result after winning the **2018 WSK Super Master Series Champion Title** this year.

At the wheel of their **Tony Kart 401S Racer** chassis powered by **Vortex** will get on track his teammates **Simo Puhakka and Noah Milell**, while in the **KZ2 category** it will be **Matteo Viganò's** task to realize the great potential shown in the last stage of the European championship held in July in Lonato. **Alessandro Giardelli, Alessio Piccini** and **David Vidales** will also be at his side.

The appointment of the **CIK-FIA World KZ Championship** and the **CIK-FIA International KZ2 Supercup 2018**, at the start on the Belgian circuit of **Genk**, can be followed from the Friday free practice through the live timing service available on the website <http://www.apex-timing.com/live-timing/cik-fia/index.html>.
