

CRG RACING TEAM

SAMUEL LUYET JOINS HIS BROTHER JEAN IN THE CRG OFFICIAL TEAM

Both Luyet brothers will be racing in the KZ2 class in the most important CIK-FIA international races

The CRG Racing Team is pleased to announce the collaboration agreement with Samuel Luyet for the 2019 karting season. The young Swiss driver, born in Savièse in January 2002, will join his brother Jean, who was already in CRG in the KZ2 class this year and who also confirmed for 2019.

Samuel started in karting in the Mini class in 2010 and he grew up in the Rotax and Rok onebrand championships, where he also achieved important results, as the 3rd place and the pole position at the Rok International Finals in the Shifter class in October. In 2018 he also took part to the KZ2 World Cup in Genk and for 2019 his plans include a complete programme in the CIK-FIA races, with the participation to the European Championship and the World Cup. Besides these races, we are also considering the participation to some WSK and DKM races, in order to prepare in the best way and get acquainted with the CRG racing team working methods.
