Evento: KOSMIC RACING DEPARTMENT UNVEILS HIS DRIVERS FOR 2019 SEASON

KOSMIC RACING DEPARTMENT UNVEILS HIS DRIVERS FOR 2019 SEASON

Kosmic Racing Department will be composed by six drivers that will represent our colors in OKJ, OK and KZ2 among the most competitive karting series in the world.

The 2019 season will kick-off next weekend and our Kosmic Racing Department's drivers are ready to show themselves in OK-Junior, OK and KZ2 categories in the top-level karting series, such as FIA Karting and WSK races.

Swede **Axel Bengtsson** and Frenchman **Paul Evrard** are the chosen to compete in the KZ2 class. **Bengtsson** continues in the team for his third consecutive year, while **Evrard** also continues in Kosmic.

David Rozenfeld is the driver who will fight for Kosmic in OK category.

Finally, in OK-Junior, a brand-new line-up will fight for victories and podiums this 2019. Russian ace **Alexander Gubenko** joins Kosmic Racing Department together with his compatriot **Andrey Zhivnov**. To complete the new line up, the Swedish driver, **Axel Malja**.

All of them will be onboard of the **Mercury R**, a World Champion chassis, which this year has several upgrades and shows a new graphics, and the HGS steering wheel.

KOSMIC RACING DEPARTMENT RIVELA I SUOI PILOTI PER LA STAGIONE 2019

Il Kosmic Racing Department schiererà 6 piloti per rappresentare i nostri colori in OKJ, OK e KZ2 nelle maggiori serie kartistiche internazionali.

La stagione 2019 inizierà il prossimo weekend, e i nostri piloti del Kosmic Racing Department sono pronti a provare le loro qualità nelle categorie OK- Junior, OK e KZ2 nelle maggiori serie internazionali ossia FIA Karting e WSK.

Lo svedese **Axel Bengtsson** ed il francese **Paul Evrard** competeranno in KZ2, **Bengtsson** continua per il terzo anno consecutivo a far parte del nostro team, mentre **Evrard** continua per il secondo anno.

David Rozenfeld è il pilota che gareggerà in Kosmic in OK.

Per terminare, in OK- Junior, una line up di piloti completamente nuova concorrerà per vittorie e podi nel 2019. Il russo **Alexander Gubenko** fa il debutto in Kosmic con il suo compatriota **Andrey Zhivnov**. A completare il team un'altra new entry, lo svedese **Axel Malja**.

I nostri piloti useranno i telai **Mercury R**, il telaio Campione del Mondo, che quest'anno mostra numerose novità oltre che a un nuovo design grafico ed il volante HGS.
