Evento: IL KOSMIC KART RACING DEPARTMENT È PRONTO PER IL DEBUTTO EUROPEO AD ANGERVILLE

## **IL KOSMIC KART RACING DEPARTMENT È PRONTO PER IL DEBUTTO EUROPEO AD ANGERVILLE**

**Sono le classi OK e OK-Junior le prime a scendere in pista per il via del FIA Karting European Championship, in programma dal 19 al 21 Aprile sulla pista francese**

Freme l'attività del **Kosmic Kart Racing Department** in vista del **French Karting Grand Prix**, primo round del **FIA Karting European Championship** e del **FIA Karting European Championship - Junior 2019**, in programma sul **Circuit Gabriel Thirouin** di Angerville.

Il week-end del 19-21 Aprile vedrà tutti i protagonisti del karting internazionale lottare per la vittoria e per issarsi subito ai vertici della classifica: tra loro ci saranno anche i nostri piloti, che potranno contare sull'affidabilità e la velocità del telaio **Kosmic Mercury R** e dei motori **Vortex** per emergere in un contesto così competitivo.

**David Rozenfeld** sarà il nostro portacolori in **OK**, dove avrà l'occasione di fare esperienza in un ambito di rilevanza assoluta con 73 piloti al via.

**Axel Malja** e **Alexander Gubenko** continueranno il loro percorso di crescita in **OK-Junior**. Ad affiancarli ci sarà anche **Andrey Zhivnov** che, in mezzo a 90 iscritti, proverà a lottare per le posizioni di vertice dopo le ottime performance e il podio ottenuto in **WSK Super Master Series**.

Sul sito [www.cikfia.com](http://www.cikfia.com) e sull'app ufficiale Fia Karting Championship (per iOS e Android), si potranno seguire le gare grazie al live timing e al live streaming in programma per le Qualifying Heats e per le Finali.

Evento: THE KOSMIC KART RACING DEPARTMENT IS READY FOR THE EUROPEAN DÉBUT IN ANGERVILLE

**THE KOSMIC KART RACING DEPARTMENT IS READY FOR THE EUROPEAN DÉBUT IN ANGERVILLE  
OK and OK-Junior classes will be getting to track for the FIA Karting European Championship, scheduled  
from 19th to 21st of April on the French circuit**

The **Kosmic Kart Racing Department** is excited and getting ready in view of the **French Karting Grand Prix**, first round of the **FIA Karting European Championship** and the **FIA Karting European Championship - Junior 2019**, taking place on the Circuit Gabriel Thirouin in Angerville.

On the weekend of April 19th-21st, all international karting protagonists will be fighting for the victory and being on top rating positions: our drivers will be able to count on the speed and reliability of **Kosmic Mercury R** chassis and **Vortex** engines, to stand out in such a competitive context.

**David Rozenfeld** will be our standard-bearer in **OK**, where he will have the opportunity to gain experience in a very important race with 73 drivers at the starting line.

**Axel Malja** and **Alexander Gubenko** will continue their path in **OK-Junior**. Also **Andrey Zhivnov** will race at their side and, among 90 registered drivers, he will try to fight for the top positions after the excellent performances and the podium obtained in WSK Super Master Series.

On the [www.cikfia.com](http://www.cikfia.com) website and on the FIA Karting Championship official app (for iOS and Android), it will be possible to follow the races through the live timing and live streaming, scheduled for the Qualifying Heats and the Finals.
