## Condolences for Anthoine Hubert.

The WSK circus remembers Anthoine Hubert with great affection today. The French driver has been the protagonist of karting races before becoming one of the strongest promises of Motorsport. The tragedy happened today in the FIA Formula 2 race at Spa-Francorchamps made all WSK Promotion staff sad, as they got to know the young driver from Lyon at the beginnings of his career. The deepest condolences go to Anthoine's family from the whole WSK staff that is still concerned about the conditions of Juan Manuel Correa, who has been involved in the same incident. Best wishes for a prompt recovery to him.
