

## CRG FACTORY CLOSES FROM MARCH 16TH TO 20TH

Following the Coronavirus emergency, after reducing the number of employees in the offices and in the Racing Team, with the activation of smart working solutions, CRG SpA also decided to suspend the production for a week, closing the factory from Monday 16th to Friday 20th of March.

It is a courageous decision taken by the Tinini's family in order to protect its employees, suppliers and customers, considering the gravity of the situation in Northern Italy's productive area. The communication with customers will continue through e-mails, to be sent to [crg@kartcrg.com](mailto:crg@kartcrg.com)

The direction's, marketing's and customer service's mobile numbers will be active as well. Further information will follow in the next days through the company's social channels and the official website [www.kartcrg.com](http://www.kartcrg.com)
