The homologation of the Mini Class, chassis, engines and tyres will also involve the ignition, the inlet silencer and the float-chamber carburettor at the same time. The homologation process will take place in 2019 for implementation on 1 January 2020.

Article Q of General Prescriptions 2.14 General Safety has been modified. With effect from 1 January 2019, the starting up, running in, warming up or testing of kart engines in the paddock and the reserved areas is strictly prohibited. Offenders will be fined at least €250 and may be disqualified in cases of repeated breach.

The free test sessions on Wednesday and Thursday at FIA Karting competitions will be discontinued from 1 January 2020.

The time penalty sanction for a front fairing in the wrong position during FIA Karting Championships, Cups and Trophies will be five seconds instead of 10 seconds, effective 1 January 2019.
